

Network Drives

IMPORTANT:

“ For now, **you must be connected to our local WiFi**, NETGEAR72-x. The password is on the top left corner of the main whiteboard in the lab. In the future, the network drives will be moved to a more stable home when we move to the HIVE. Connecting to 1SU will NOT allow access! If you need help, see Wes.

Changing Password:

Open a web browser and visit <http://192.168.1.37>. Login with your username and password. Ignore administrative warning. Change password by selecting your username in the top right of the page.

Connect:

Mac:

Open a finder window

Select drive and select button “Connect As”

Enter username and password

Windows:

Open an explorer window

Select Computer/Map Network Drive

For folder: \\scil-student\username

Check “Connect using different credentials”

Login with username and password

HELP:

If you need help, see Wes at SCiL, or send an email: wbrown1@su.edu

If you need additional storage, contact SCiL staff.
